8<sup>th</sup> November 2005

Dear Mr Vigars,

**Town and County Planning Act 1990  
Cemex/Rugby Ltd – Pipeline Application**

I was very surprised to receive your letter of the 3<sup>rd</sup> November 2005. This is classic example of a lack of 'joined up thinking' in relation to environmental matters. You surely must appreciate that you (Rugby Borough Council) are simply part of the state machinery, which includes Warwickshire County Council and the Environment Agency and that issues relating to Environmental Impact Assessments must be looked at in the round. You cannot avoid the State's responsibilities simply by suggesting that you only have a limited regulatory role.

Kindly reconsider your letter and let me have a proper response.

Yours sincerely,

Richard Buxton
